

Minutes of Meeting

RSC Board of Directors (BoD) Meeting17 March 2023: 9.00 am - 5.30 pm (Bangladesh Standard Time)Venue: RSC Office18 March 2023: 9.00 am - 12.30 pm (Bangladesh Standard Time)

Attendees:

	Members	Role	Organisation	Attended / Apologies
	Rubana Huq	Director	BGMEA	Yes
	Shafiul Islam Mohiuddin	Director, Co-Chair	BGMEA	Yes
Industry	Miran Ali	Director	BGMEA	Yes
Representatives	Nafis Ud Doula	Director	BGMEA	Yes
	Faruque Hassan	Director	BGMEA	Yes
	Mohammad Hatem	Director	BKMEA	Yes
	Ziaur Rahman	Director	H&M	Yes
Brand	Felicity Tapsell	Director	Bestseller	Yes
Representatives	Bernardo Cruza	Director	El Corte Ingles	Yes
	Jochen Juette- Overmeyer	Director	Otto Group	Yes
	Christina Hajagos- Clausen	Director	IndustriALL Global Union	Yes
	Amirul Haque Amin	Director, Co-Chair	National Garment Workers Federation (NGWF)	Yes
Trade Union	Kamrul Anam	Director	Bangladesh Textile and Garments Workers League (BTGWL)	Yes
Representatives	Babul Akter	Director	Bangladesh Garment and Industrial Workers Federation (BGIWF)	Yes
	China Rahman	Director	Federation of Garment Workers	Yes
	Alke Boessiger	Director	UNI Global Union	Yes
	Dan Rees	Convener	ILO	No
Neutral Conveners	Tuomo Poutiainen	Convener	ILO	Yes (Acted in absence of Dan Rees)
Observer	Apoorva Kaiwar	Observer	IndustriALL Global Union	Yes
	Abdul Haque	Incoming MD	RSC	Yes
	George Faller	CSO	RSC	Yes
	Roger Hubert	Outgoing MD	RSC	Yes
	Mohammad Momanul Islam (Momen)	Financial Controller	RSC	Yes
RSC Representatives	A. J. M. Zobaidur Rahman	Manager- Media & Communications	RSC	Yes
	Md Erfanul Haq	Communications Officer	RSC	Yes
	Afsana Akhi	Translation and Reporting Complaints Specialist	RSC	Yes

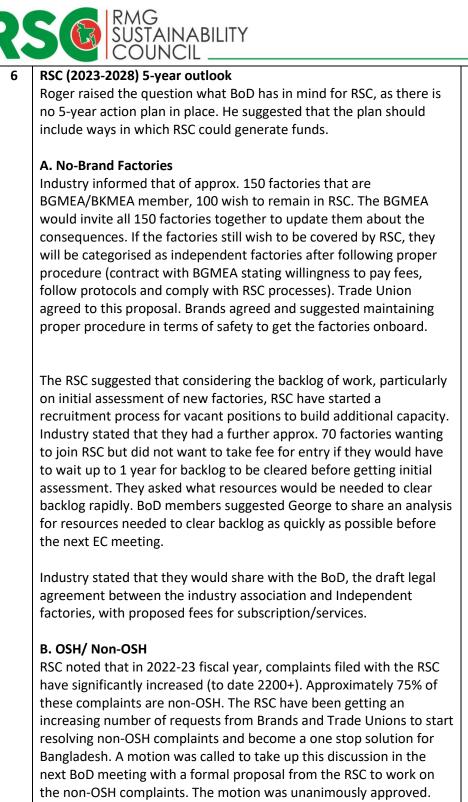

Tuomo Poutiainen greeted the august presence and started the meeting. After formal Introduction of the meeting participants, the RSC BoD reviewed the precirlculated agenda. Tuomo called for a motion on approval of the agenda items and the following items were approved.

Meetin	ng Agenda:	
1.	Approval of minutes of the last BoD meeting	
2.	RSC 2022/23 Forecast	
3.	RSC Funding	
4.	RSC 2023/24 Budget	
5.	RSC Tax Exemption	
6.	RSC (2023-2028) 5-year outlook	
	a. No-Brand Factories	
	b. OSH/ Non-OSH	
	c. Training Programme Expansion: Factory Master Trainer	
	d. Training Programme Expansion: Middle Management Trainin	g
	e. Other RMG related Industries (Textile, Home, Leather, Shoe e	etc)
7.	Escalation/ De-escalation	
8.	RSC RACI Chart	
9.	RSC GCC Framework Agreement/ RSC license	
10.	RSC DIFE Cooperation	
11.	GIZ	
12.	RSC EC Committee Focal Point	
13.	RSC Department Presentation	
14.	AOB

special audit. RSC also explained the budget for consultant which	
mostly incurred for international training for Boiler Safety, Korn Ferry	
HR review. Roger explained the additional costing in travel incurred	
due to his appointment.	
3 RSC Funding	
RSC informed the BoD members that RSC have received USD 3.67	
million from Brands and BDT 50 million from Industry. However,	
balancing amounts from Brands and Industry are USD 1.06 million	
(subject to USD exchange rate) and BDT 74 million respectively. In	
order to cover full expenses of June 2023 and partial expenses of 4Q1	
(4 th Year, 1 st Quarter), RSC would need additional BDT 100 million from	
the Brand during the month of May 2023. Industry ensured that they	
are committed to provide necessary funding and would do so as	
required. Brands ensured that they would transfer portion of fund due	
in March within a week.	
4 RSC 2023/24 Budget	
RSC stated that for year 2023-24 RSC's fiscal year will start from June	
2023 and it will be 13 months budget to match the financial year with	
budget year.	
RSC Accounts department is working with other departments to	
assess their departmental requirements for the next budget year.	
Currently the Accounts department is reviewing departmental	
requirements for finalisation. RSC have prepared an initial draft	
budget with 15% increase compared to last year's actual expenditure.	
RSC informed that they would provide detailed breakdown of the	
budget soon and the budget needs to be approved, latest May 2023.	
5 RSC Tax Exemption	
RSC informed the BoD members that it has successfully submitted the	
tax return for 2nd successful year on a Nil Tax Rate basis and obtained	5.1. RSC to share documents
the tax clearance certificates from National Board of Revenue (NBR).	related to SRO, PF and GF with
The RSC and BoD members thanked the industry colleagues for their	Industry.
relentless support on this matter. RSC noted that the NBR officials	
have suggested having a Statutory Regulatory Order (SRO) for tax	5.2 Industry to discuss with
exemption. On that note, Industry proposed that they are going to	NBR on PF and GF registration
discuss the matter with NBR.	and SRO.
The RSC informed the BoD members that they have already submitted	
the RJSC return for 2022. The RSC started the Provident Fund (PF) and	
Gratuity Fund (GF) back in January 2023 and currently the	
bookkeeping is done by Deloitte. RSC have submitted documentation	
for registration of PF and GF under NBR. Industry proposed that they	
will take up the discussion with NBR to expedite the PF & GF	
registration process.

C. Training Programme Expansion: Factory Master Trainer

RSC proposed to develop a new training module and use that to train the Master trainers in the factory. Currently RSC is required to resume Training programme if there are significant changes in the Safety Committee. The Master trainer programme would exempt RSC from that obligation and eventually save time and resources of the RSC. All three parties unanimously agreed to the proposal. Trade Union proposed to update the training module. 6.1. RSC to send full list of approx. 150 factories to BGMEA (including those previously stating unwillingness to remain under RSC).

6.2 RSC to share their analysis on recruitment needed for rapid clearance of initial assessment backlog, to speed up bringing new factories on board. RSC agreed to share analysis with EC by 28 March to enable a decision on recruitment in the next EC meeting.

6.2. RSC to explore the implementation of a Master Trainer Programme, while updating the current training Modules.

Level-13, AJ Heights, Cha-72/1/d North Badda, Pragati Sarani Dhaka-1212, Bangladesh PABX : +880 2 41081863-6 g⊢

R	 D. Training Programme Expansion: Middle Management Training RSC noted that it feels that there is a need to train the Middle management also. Going forward, RSC would analyse the item and would get back to BoD with a formal proposal. E. Other RMG related Industries (Textile, Home, Leather, Shoe etc) RSC shared that it has a long-term vision the explore its scope of 	6.3. RSC to analyse the Middle Management Training requirement and get back to BoD with a formal proposal.
7	covering the other related industries. Escalation/ De-escalation RSC noted that the escalation now comes directly from the RSC, and Brands, Unions, BGMEA and BKMEA and IA are informed. RSC then	
	explained the escalation and de-escalation process. RSC pointed out that it is much easier for the factories to get de-escalated now. Industry acknowledged RSC's claim. Industry stated that when a factory becomes ineligible, the RSC requires 18 months' timeline to make the factory eligible again, and this timeline needs to be reduced. After detailed discussion on the 18 months' timeline, it was unanimously agreed that factories would face 18 months' timeline before getting reconsidered by the RSC. However, if all three constituents recommend it then special consideration could be made by the CSO to expedite the re-onboarding process. In any case, it was agreed that if a factory claimed to have completed the requirements, the RSC would do inspection(s) at the factory and charge the factory for its services.	
8	 RSC RACI Chart The RSC BoDs broadly discussed the relationship between RSC, Brands, Industry, Trade Unions and International Accord. Industry urged that they want to see RSC credible as well as independent. All three parties agreed to revisit the RACI chart on the following day, to explore the implications for removing IA from all R, A and C functions. A committee was selected (Miran, Alke and Jochen) to make a proposal on the revised RACI. After detailed discussion on 18 March, it was unanimously agreed that a better understanding of the functions currently assigned to IA was needed, and that George would provide a detailed explanation 	8.1. RSC to report back to EC regarding FFC functions and implications of RSC covering all R, A and C functions of the RACI, on 28 March 2023
	on the factory listing and other operational procedure of FFC that could serve as guidance to the RACI revision committee. George will report back to EC on 28 March in preparation for finalisation of the RACI at the next EC meeting envisaged to be held on 18 April.	
9	RSC GCC Framework Agreement/ RSC license The RSC informed the BoD that there are three points in the RSC GCC framework agreement that need attention of the BoD. RSC recently had meetings with GCC and DIFE where RSC tried to resolve those issues, especially the section related to the Review Panel role for "any factory or individual offended by any decision of the RSC". In the meeting with DIFE on the Review Panel a ToR was provided that reflected a role for addressing serious structural issues requiring a decision on whether to evacuate the factory or not. It was agreed	

R	that this ToR was not suitable as a mechanism to address general complaints. Industry opined that the option of challenging an RSC decision and taking it to the review panel should be there. Otherwise, people would only have option to raise issues in court. RSC will propose to work with DIFE on the amendment of ToR, to introduce a filter in the process that could divert general complaints to DIFE for resolution, and identify others related to serious safety issues that should go to the Review Panel.It was unanimously agreed that RSC BoD would have a discussion with MoC where RSC would raise issue to amendment of Terms of Reference (ToR).	9.1 RSC to propose amendments to the ToR that provide a filter to direct general complaints directly to DIFE to address without having to convene the Review Panel
	Regarding the issue of a common safety standard DIFE agreed that RSC could go beyond BNBC, if they comply with minimum legal standards.	
10	RSC DIFE Cooperation RSC noted that they had several meetings with DIFE. In a recent meeting DIFE requested that a working group be set up. RSC identified their contact point for collaboration with DIFE. As per DIFE's suggestion, selected 3 RSC representatives for working group. RSC was also asked to draft a ToR for the working group which has been shared with DIFE. RSC also agreed to share information/ documents with DIFE, as and when needed. The working group would finalise the cooperation framework. The DIFE has given satisfactory remarks on the commencement of such collaboration.	10.1 Working group to finalise the cooperation framework between DIFE and RSC.
11	 GIZ RSC informed that GIZ has set out 3 areas to work with RSC and subsequently proposed a project with the RSC to the MoC. The RSC assisted GIZ in developing a TOR for finding an international firm to be contracted by GIZ to assess the RSC processes and advice on improvements and possibilities for digitalising the process. The consultant would make recommendations also on technical training and digitalising. GIZ have published the TOR which are now waiting for responses from consultants. The RSC BoD will have a meeting with GIZ on 20 April 2023 and would discuss further on the collaboration at the meeting. GIZ has also proposed direct funding for RSC personnel in the working group seeking to improve collaboration with DIFE. 	11.1 RSC BoD agreed to accept the direct funding from GIZ.
12	RSC EC Committee Focal Point Industry and Brand suggested that EC minutes should be regularly shared with the BoD, and the BoD should be given at least 3/5 days to respond to the decision taken by BoD. Industry suggested that EC should hold authority up to a limit and should report to BoD. Tuomo called for a motion to form a committee/task team that would work on the functionality of EC committee. All three constituents nominated their focal persons. The RSC MD will chair the committee. Industry proposed that rather than having multiple committees there

	North Badda, Pragati Sarar Dhaka-1212, Banglades PABX : +880 2 41081863- WWW.rsc-bd.org
New Building/ Interim Building IssueIndustry noted that many factories that were built before 2014couldn't pass BNBC 2006 but can pass the BNBC 2020. If the RSCapply BNBC 2020 on those factories, many will pass the RSCinspections. The RSC stated that it has developed a guideline to helpthe factories. The factories are always welcome to visit RSC and have	www.rsc-bd.org
a discussion on the issue. Disciplinary Action Trade Unions noted that they have recently heard the information of termination of several RSC employees. They wanted to know whether due procedure was followed. In response, the RSC informed that proper procedure was followed guided by Bangladesh Labour Law.	

The RSC incoming MD then shared his closing remarks. He thanked the august presence for their precious time. He mentioned that at the end of the day the RSC is a customer service-oriented company. Going forward, RSC needs to continuously improve and learn from its experience and establish itself as a One-Stop-Service-Point for the RMG industry in Bangladesh. He finished his speech by urging all the stakeholders of RSC to work for the shared objective, so that everyone wins. Tuomo then thanked everyone and formally closed the meeting.
